A Wedding or Event Vendor is a person or Company that you pay for products and/or services specific to your Event. These Vendors are Professionals at what they do and each one will have a specific style within their specialty. There are a ton of options out there and it's not always easy to remember them all. Here is a list of Main Vendors as well as optional Vendors that help enhance your day.

Main Vendors:

Caterer: A Caterer is more than just food and dining, it often includes Setup, staff, cleanup and more.

Florist/Decorator: A good Florist will offer décor items and setup as well. Your bouquet, Ceremony and Sweetheart Table are heavily photographed, whereas Centerpieces are what your guests will view throughout the evening.
